SBA-CERTIFIED SDVOSB
UEI: RWNPGLFK65A7
CAGE: 16MN3

Oakleaf Consulting, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) and federal prime contractor providing mission-focused management, logistics, environmental, and transportation solutions. We combine military leadership, enterprise consulting experience, disciplined program execution, and a curated network of specialty partners to help federal agencies improve readiness, solve operational problems, and deliver measurable outcomes.

CORE COMPETENCIES

- **Program & Project Management** - PMO design, governance, execution, transformation and strategic initiatives.
- **Operational Excellence** - Current-state assessments, process improvement, SOPs, KPIs, operating cadence and scalable systems.
- **Logistics & Supply Chain** - Distribution, transportation, materials, operational planning and supply-chain improvement.
- **Environmental Solutions** - Wastewater, water-quality and microbial/enzyme treatment solutions through qualified teaming partners.
- **Transportation & Mission Logistics** - Nationwide charter, shuttle, passenger movement, emergency transportation and logistics support.

DIFFERENTIATORS

- **SDVOSB Prime:** Federal-facing prime contractor with teaming capability across multiple mission-support categories.
- **Operator-led:** Military, corporate and consulting leadership in high-stakes, high-complexity environments.
- **Execution focused:** Strategy translated into governance, accountable owners, measurable milestones and mission outcomes.
- **Flexible delivery:** Oakleaf direct performance augmented by vetted specialty providers when requirements demand deeper technical capability.
- **Nationwide reach:** Partner network supports federal requirements across the United States.
